

MODEL

## Q50B

The manual sheeter Queen Q50 is the perfect ally for those who are in search of a machine simple to use but reliable and very compact at the same time, thanks to its small size and to its foldable tables. The front handle allows a quick and easy adjustment of the cylinders' lowering and the joystick, on the machine's upper side, enables the operator to work in a natural and ergonomic position.

Two versions are available:

- Bench model (Q50B)
- Shelved structure on wheels (Q50S)
