

## Varimixer

**INTUITIVE CONTROL PANEL** The control panel is logically structured, with the option to adjust the speed variably, or choose between four fixed speeds or four programs with their own saved work processes. Operation time can be managed using a digital timer.

**EFFECTIVE TOOLS** In addition to a wire whip, beater and dough hook, a scraper with a nylon blade is also included with the RN10, which ensures that the bowl sides are scraped effectively and all ingredients are utilised. This creates larger volume and reduces time spent.

**STAINLESS STEEL** The RN series mixers are made of easy-to-clean corrosion-resistant stainless steel with a strong frame and legs. The bowl, wire whip, beater, dough hook and scraper are also made of stainless steel and are dishwasher-safe.

**ATTACHMENT DRIVE** The RN series is also available with an attachment drive for meat mincers and vegetable slicers.

**SAFETY SCREEN** The RN10 comes with a patented transparent magnetic detachable safety screen.

### OPTION - ATTACHMENT DRIVE

Attachment drive for meat mincer and vegetable cutter

Meat mincer, 70 mm

Vegetable cutter GR10

### VARIMIXER RN10 MARINE VERSION

Water cover at air ventilation, slotted free screws. Built in transformer. Complies with USPHS.

Voltage: 2 ph, 400V, 50-60 Hz with 0 and ground. 700 W  
2 ph, 440V, 50-60 Hz with 0 and ground. 700 W  
2 ph, 480V, 50-60 Hz with 0 and ground. 700 W

### DIMENSIONS

## RN 10 Floor model

Stainless steel/ Marine version

### VARIMIXER RN10 STANDARD

Stainless steel  
1 bowl 10 liter in stainless steel  
1 beater in stainless steel  
1 hook in stainless steel  
1 whip in stainless steel  
1 automatic bowl scraper complete  
1 removable magnetic safety guard - CE certified  
Digital timer and emergency stop  
Voltage: 1 ph, 230V, 50-60 Hz with 0 and ground. 700 W

### CAPACITIES

Egg whites	1.0 l
Whipped cream	2.5 l
Mayonnaise	8.0 l
Herb butter	5.0 kg
Mashed potatoes	3.5 kg
Bread dough (50% AR)	5.0 kg
Bread dough (60% AR)	6.0 kg
Ciabatta dough (70% AR)	5.5 kg
Muffins	6.5 kg
Layer cake base	2.5 kg
Meatball mix	7.0 kg
Icing	5.8 kg
Doughnut (50% AR)	6.0 kg

### VARIMIXER RN10 STANDARD TECHNICAL DATA

Volume	10 l
Effect	700 W
Standard voltage*	220-240 V
Net weight floor model	63 kg
H x W x L floor model	1200x558x596 mm
Variable speed	110 - 420 RPM
Phases	1 ph
IP code	IP32

\*Other voltage power supply are available upon request in the range of 100 to 480 V. All standard and marine mixers are available in 50 and 60 Hz.
