

MKL 1064 s

ELECTRIC PROOFER FOR 4, 6 AND 10 TRAYS OVENS.

Sometimes nothing is more essential than an accessory. That's why we've created a tool that acts as a dough proofer and holding cabinet, with sleek design and perfected performance.

The ideal solution to significantly reduce leavening times without compromising the organoleptic properties of your dishes, but also to optimise time and organisation in the kitchen.

Because the MILLENNIAL line always means top quality.
