

Retarder prover cabinets Evolution Roll-in

EV 20T P	
Gross Volume	1504lt
Working Temperature	-22°C +40°C
Humidity range	55%-95%
Motor type	Plug-in
Refrigerant	R290
Refrigeration power	862 W(-25°C /+45°C)
Absorption	2067 W
Voltage/ Frequency	230V/1~/50Hz
Product dimension WxDxH	910x1362x2360
Packaging dimension WxDxH	1050x1530x2470
Versions	Power supply frequency 60Hz

EV 20T P

Improved cabinets with a new refrigeration system and 7" touch display to grant optimal solutions to the dough proving and conservation.

Up to 2 EN 60x40 trolleys

Maximum internal space 670x1050 mm. It can accommodate 2 trolleys EN 60x40 or 1 trolley EN 60x80. The ramp provided facilitates the entry and exit of the trolley.

Advanced air circulation system

The innovative air circulation system ensures an extremely constant internal temperature throughout the compartment. The supply air conveyor and the return air casing are designed to ensure a uniform temperature for both the top and bottom trays. The result? Impeccable leavening and un-
