SINMAG

BAND SLICER

SMS-30

The Sinmag SMS-30 is an all-in-one innovative design created to reduce workflow and dramatically speed up production in your bakery, kitchen or production area.

This is completed by slicing a total of 1800 toast loaves per hour per hour, whilst also using the integrated bag blower to open toast bag packages.

Sharpening of the blades has also never been easier as there is also a built-in sharpener.

The toast loaves are sliced by rotating the endless blades with ensures the cut surface is smoother than traditionally cut bread.

SINMAG BAND SLICER SMS-30 SPECIFICATIONS

Capacity (Loaves Per Hour)	-	1800
Capacity (Loaves Per Minute)	-	3
Minimum Width of Bread	-	150 mm
Maximum Width of Bread	-	380 mm
