

Z.MATIK DOUGH LOVERS

Dough sheeter (Floor standing)

SHE 6014DT

The SHE model sheeter is compact and with a design that allows the operator to work comfortably. The mechanics keep some key points, but they are also renewed, allowing the customer less maintenance and greater resistance.

The goal is to make this range even more solid and intuitive, thus facilitating the operator especially in routine cleaning. The dough sheeter is perfect for multiple applications: from pastry shops to hotels, catering, etc. Existing options have been made even more advanced
