

FORMEX
CENTRIFUGAL EGG CRACKER

CH 150

CH 10

Centrifugal egg cracker for producing fresh liquid egg. Reduces the volume of shells by 70%. Retrieves 98% of egg mass remaining in the shells. All elements are made of stainless steel. Easy to handle and clean.

CH 150

The shells are automatically deposited in the container.

CH 10

The machine works in cycles. Every 210 eggs the shells must be removed from the sieve.
