

### Refrigerated cabinets Delizia

#### Technical details

#### DL 700 BTG

Gross Volume	630 lt
Working temperature	-2 + 25 °C
Motor type	Plug-in
Refrigerant	R452A
Refrigerant power	681 W
Absorption	879 W
voltage/Frequency	230V/1~/50Hz
Climate class	5 / ( 40°C - 40%)
Product dimensions WxDxH	702x810x2080
Versions	Power supply frequency 60Hz

### DL 700 BTG

#### Refrigerated cabinets – Delizia

Power, reliability and ease of use. Cabinets designed to preserve the most quality raw materials and delicate pastry products.

#### ICECONNECT Total control, everywhere

Advanced connectivity thanks to the Wi-Fi connection system: remotely checking all the conservation functions and HACCP alarms has never been so easy.

#### The storage cabinet par excellence

Store at positive or negative temperature without odor exchange. The automatic ventilation control system ensures uniformity of temperature between the first and last tray.

#### Modular capacity

Great flexibility with the 35 mm step rack. You can place the trays according to your needs for an optimal organization of the spaces.
