It can thoroughly clean every corner of packaging machine parts, food containers

The high-temperature water jets from various directions and the rotating rack allow you to clean every corner. Even the hard-to-remove mochi dough can be removed cleanly. The cleaning time can be set to 1 minute, 3 minutes, or up to 30 minutes with the cleaning timer.

It is compact and can be installed in a small space. It is designed at a height that makes it easy to put dishes in and take them out.

You can choose the strength of the water pressure, and the water-saving mode allows for eco-friendly use.
